### Writing Skill: Descriptive Language Analyze C

p. 5

Answers will vary. Possible answers:

1. The writer compares the buildings to things that are familiar to the reader. This helps the reader visualize the structures.
2. The writers use mostly present tense. They describe buildings that can be seen and enjoyed today.
3. First paragraph: describes the building design; Second paragraph: describes the building's interior; Third paragraph: describes the building's location
